Monday - LTD (Leadership Transformation and Discipleship) Partnership & Training Update 10.23

The WiW team just returned from Nepal after completing two 3-day Microbusiness trainings to a total of 52 women in Katmandu and Ithari. WiW has partnered with LTD Nepal since 2014. They are focused on training and developing disciples and leaders which makes our partnership highly compatible and fruitful!

A young newly married woman attended the Micro Business training. Her husband has been working overseas while she started a micro-business of her own as a beautician. She actively participated and then presented her plan in great detail to the group. She plans to use effective marketing strategies such as social media which inspired the others!

- Please pray that as a result of the training, each of these 52 women prosper as they start their own Microbusinesses.

Tuesday - Rubi's Story

There was a woman named Rubi who attended the WiW training. She is a widow who lives among the very poor in a remote village of Nepal. She has a ministry there to children. It started with 2 and has multiplied to 39, 14 of them now believers. She came to learn about microbusiness because she plans to start a kitchen garden to make money to help support the families with the money she makes.

- Pray that the transforming work of the Holy Spirit enables Rubi to fulfill her vision and reach even more children for Christ in the days ahead
- Pray that Rubi also trains others in the village in Microbusiness.
